

Innovate Faster, Reduce Costs, and Operate More Securely Fixed Fee Migration to SAP S/4HANA Digital Core

Build a Foundation

Digital Transformation is not the future, it is today. The market is looking for new ways to do business, new customer segments, and new agile products. Getting to the SAP digital core sooner will allow you to start your Digital Transformation journey while gaining the benefits of increased analytics, increased end user adaption, increased performance, and overall increased simplification.

Choosing SAP S/4HANA as your digital core brings you dynamic financial planning, virtual financial close on demand, real time cash management, iterative MRP, visual manufacturing planning, real time inventory, real time quality management, collaborative sourcing, instant sales decision making, instantaneous available to promise checks & digitally enabled billing.

S/4HANA Features & Benefits

itelligence offers a fixed fee one-step conversion from SAP ECC 6.0 to SAP S/4HANA on-premise, in your cloud, or in our private cloud. While leveraging the new SAP S/4HANA digital core and functionality, you will also benefit from:

1. Cloud flexibility
2. End User Experience improvements with Fiori
3. Improved, real-time, embedded analytics with CDS views
4. SAP Database simplification with increased system performance
5. Digital core foundation for existing and future products/functionality
